Part X - FIN 48 Footnote

The Organization adopted the provisions of ASC 740, Accounting for Uncertainty in Income Taxes. The Organization files a Form 990 (Return of Organization Exempt from Income Tax) annually. When these returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the tax position taken or the amount of the position that would ultimately be sustained. Examples of tax positions common to the Organization include such matters as the tax-exempt status of each

Part XIII Supplemental Information *(continued)***Part X - FIN 48 Footnote (continued)**

entity and various positions relative to potential sources of unrelated business taxable income and the associated unrelated business income tax (UBIT). UBIT is reported on Form 990-T, as appropriate. The benefit of a tax position is recognized in the financial statements in the period during which, based on all available evidence, management believes it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any.

Tax positions are not offset or aggregated with other positions. Tax positions that meet the more likely than not recognition threshold are measured as the largest amount of tax benefit that is more than 50 percent likely to be realized on settlement with the applicable taxing authority. The portion of the benefits associated with tax positions taken that exceeds the amount measured as described above is reflected as a liability for unrecognized tax benefits in the accompanying statements of financial position, along with any associated interest and penalties that would be payable to the taxing authorities upon examination. Upon adoption and through June 30, 2019, the Organization has addressed uncertainty in its income tax position, and there are no unrecognized/derecognized tax benefits requiring an accrual.

All tax-exempt entities are subject to review and audit by federal, state, and other applicable agencies. Such agencies may review the taxability of unrelated business income, or the qualifications of the organization as a tax-exempt under Internal Revenue Code Section 501(c)(3) and applicable state statutes.
